

Genealogy Support provided by the Library Staff For our Membership and the Community

Level One: The Library will provide a packet of information for those individuals who are just beginning and need basic forms and support.

Level Two: The Library will provide material and work with individuals to answer questions and help them to get started or provide assistance with issues in their research.

Level Three: Individuals have the opportunity to work with the Society Genealogist to answer basic questions and to provide detailed assistance at an hourly rate. The Library or the Society Genealogist can provide names of Professional Genealogists for additional assistance and research at an hourly rate.

For more information, please contact the Library.
