Our Benevolences

Our Charity for the month is Children's Hospital of Michigan's Clothes Closet & The Shower of Love.

Twenty-five years ago, Cathy Hasse and three of her friends from childhood decided to give a 'Baby Shower' for needy children assuming it would be a one-time event. They chose the Clothes Closet of Children's Hospital of Michigan for many reasons. Babies and children in need of clean clothing are given items from the closet (room). Many of the patients are brought to the hospital in an urgent situation and do not have proper clothing to wear home.

The first year about 50 friends and family members were there to support the project. Guests were asked to bring an unwrapped item. As the guests left, they said, "see you next year" ... So here we are 25 years later! The volunteer staff at the Clothes Closet are extremely appreciative of the support over the many years.

Four years into the Annual Shower, Cathy invited a few fellow members of the St. Andrew's Society of Detroit. The members of the St. Andrew's Society were so impressed with the shower they asked if they could "piggyback" on to it and hold a mini-Shower of Love at a general membership meeting. Those members also asked the Trustees and the Benevolence Committee to provide matching funds to any member who made a cash donation. We have continued to do so for twenty years and continue to match any cash/check/PayPal donation from members up to \$100. Each year at the main Shower of Love event, the St. Andrew's Society of Detroit is recognized and honored. The attendance has grown to over 250 people. Both women and men enjoy the evening of dinner, cash bar, 50/50 raffle, and door prizes. This year the date of the event is May 19th at the Italian American Banquet Center, Livonia. Please reach out to Cathy Hasse at 248-760-9252 if you are interested in attending the 'Big' Shower of Love. See flyer on pages 6 & 7.

We will be collecting new clothing items from any season at the May 5th membership meeting. All sizes of children's clothing are suitable. Shop the clearance racks! Gift cards are accepted, too. These cards are not given to the families. The gift cards are used by staff to purchase items like formula, bottles, and diapers that take up too much space in the room.

You may donate through PayPal on the SASD Website. Please choose the Shower of Love in the Dropdown box. If you would like to send a check, please make your check out to the St. Andrew's Society of Detroit, c/o Beth Frahm, 2363 Rochester Road, Troy, MI 48083. Or bring a check to the May Membership meeting. Giving through the St. Andrew's Society can double your money. Please be sure to write "Shower of Love" in the memo line.

May Benevolence to receive \$1000 USD- Maggie's Center, Scotland

Maggie was a writer, gardener, and designer. At 47, she was diagnosed with breast cancer and five years later, in May 1993, she was told that it had returned. After hearing this, Maggie and her husband Charles Jencks were moved to a windowless corridor where they were left to process the news. They discussed the need for somewhere 'better' for people with cancer to go, outside of but nearby to the hospital.

Maggie and Charles designed the blueprint for the centers together, enlisting the help of some of their friends from the architectural world. The first Maggie's opened in Edinburgh in 1996, and they now have centers across the UK and even some abroad.

(Benevolences cont'd)

Maggie felt that her diagnosis and treatment was as hard on her family as it was on her, so she created a new type of support, a center that could make the experience of cancer more manageable for everyone.

Maggie also wanted to bring people together in a calm and friendly space that would help them to find comfort in the experiences of others.

Maggie died shortly before the first center opened but, with the support of Charles and her medical team, including her cancer nurse Laura Lee (now Maggie's CEO), her vision lives on.

The May 50/50 Raffle to support Hope for HIE (Hypoxic Ischemic Encephalopathy)

HIE is a serious condition that occurs when the brain does not receive enough blood and oxygen, often affecting newborns during or shortly after birth. The condition can lead to brain injury, neurological challenges, and developmental delays, depending on the severity of the oxygen deprivation. Kent Richards has an amazing young grandson with HIE. When he was born in 2012 it was difficult for Kent's daughter, Betsy Pilson to find resources and groups about HIE. Out of that struggle she developed Hope for HIE, a premier global nonprofit dedicated to improving the quality of life for children and families impacted by neonatal and pediatric acquired HIE. Betsy is the Executive Director and has connected more than 7000 families, researchers, and clinicians through a comprehensive support network.

MEMBERSHIP NEWS

Now that the dust has settled from our 2025 membership renewal process. We have a total of 434 members and here is the breakdown.

- Regular members = 311
- Life members = 80
- Family members = 23
- Associate members = 13
- Honorary members = 7

At the May meeting, we will have the final election prior to our June initiation ceremony. We currently have 7 applicants who are in the process of application review prior to election. At our March meeting, we elected Patricia Holland-Soma and John Swift Vanderlaan, and at our April meeting we elected Jill Clissold, Pat Dearie, Chris Houghton, Catherine Mullins, and David Randall. I am hopeful that they will all be available to attend the final step in the new member process, participating in the initiation ceremony.

I always enjoy the initiation ceremony where I can reflect on my reasons for joining and to reinforce my commitment to the Society. I hope you will consider attending where you can meet and welcome our newest members.

Off The Shelf... News from the Charles S. Low Memorial Library

According to the St. Andrew's Society's Constitution, one of the Objectives of the Society is to "Foster and promote knowledge of Scottish history and the contribution Scots have made throughout the world." Artifacts contribute to fulfilling that goal. An artifact is an object made by a human being including such items as tools, clothing, art, maps, weapons or the remains of an article (broken pieces of pottery). Such items reflect the history and culture of a society and are immensely useful to scholars when researching a culture.

At the Kilgour center, The Charles Low Memorial Library has taken responsibility for collecting, cataloging, and preserving our remarkable artifacts collection. Many have been donated by St. Andrew's members and friends.

As artifacts are acquired, several steps are taken to insure safe keeping. The item is first numbered and entered into the Artifacts Database. A **Title** for the item (Membership Pin), **Type** of item (Antique Lapel Pin), and **Description** of the artifact (Blue and Yellow St. Andrew's oval pin affixed to three tartan ribbons clasped together with a gold bar containing the name of the member). The item is **Labeled** using the Database number and the prescribed method for that particular type of artifact. The artifact is then **Photographed** for insertion into the Database, and the location of the artifact is noted.

We are endowed with a substantial number of artifacts of substance with some items rotated from display into storage. However many are too large to put on display and/or keep on display. Because of the preservation concern, proper storage of artifacts is an ongoing concern.

Society**

Ehlers-Danlos syndrome is a group of inherited disorders that affect your connective tissues — primarily your skin, joints and blood vessel walls. Connective tissue is a complex mixture of proteins and other substances that provide strength and elasticity to the underlying structures in your body.

People who have Ehlers-Danlos syndrome usually have overly flexible joints and stretchy, fragile skin. This can become a problem if you have a wound that requires stitches, because the skin often isn't strong enough to hold them.
